

Recommendations for the Use of the Data Holder Rights Exercise Form

The reason for including this form (see page 2) is aimed at improving communication and assisting in the execution of the request for the exercise of rights as established in the new General Data Protection Regulations (RGPD) and it is recommended by the AEPD. PADEL NUESTRO (PN) presents the following form to exercise [the right of cancellation](#). We should inform you that the data that has been stored from you derived from the forms or communications established for this purpose, will be blocked in order to be able to prove the management and maintenance of the same (data / documents) for a period of 5 years.

The right of cancellation is one of the rights that the Organic Law of Protection of Personal Data (LOPD) recognizes to the citizens so that they can control by themselves the use made by a company of their personal data. This exercise is very personal, so it can only be requested by the interested person, who should contact the company or public body of which he knows or presumes that he has his data. The person responsible for the file must decide on the request for cancellation within a maximum period of ten days from the receipt of the request. You must do it even if you do not have data of the affected person. After the deadline without expressly responding to the request or it is unsatisfactory, the interested party may file the corresponding claim for protection before the Agency, along with the supporting documentation of having requested the cancellation before the entity in question. The cancellation will lead to the blocking of the data, being kept only at the disposal of the Public Administrations, Judges and Courts, for the attention of the possible responsibilities born of the treatment, during the period of prescription of these, after which it will have to proceed to the cancellation.

Remember that the cancellation will not proceed when the personal data must be kept during the periods foreseen in the contractual relations between the entity responsible for the treatment and the interested party that justified the processing of the data.

Procedimiento para utilizar dicho formulario:
